From Ideas to Reality

G Idea Exchange by GCentral

G-Idea Exchange Committee

Current members:

- Jesper Kjaer Soerensen – Committee Lead, Secretary

- Quentin Alldredge – GCentral Board Liason

- Casey May

- Erich Schlieper

- Eric Stach

Goals and Vision

- Share Ideas for Toolkits and Add-ons to LabVIEW™.

- Vote for your favorite ideas by choosing to sponsor the idea.

- Share resources to help get the tools the G Programmers need to be successful.

- Maximize return on investment by reusing quality, community-built, open-source toolkits.

Come be part of the growing G Programming Community

Goals and Vision

- Share Ideas for Toolkits and Add-ons to LabVIEW™.

- Vote for your favorite ideas ~~by choosing to sponsor the idea~~.

- Share resources to help get the tools the G Programmers need to be successful.

- Maximize return on investment by reusing quality, community-built, open-source toolkits.

G Idea Exchange vs LabVIEW Idea Exchange
What's the difference?

- Written using LabVIEW/G
  - Add-ons/extensions
  - Project providers, Tools, additional QuickDrop shortcuts, etc.
- Not ideas that require fundamental changes to the editor (e.g. Font size standardization)
- Open source
  - Licensed under a license approved by the open-source initiative https://opensource.org
- Delivery using VIPM, NIPM, Installer or Git Repository

Active Ideas
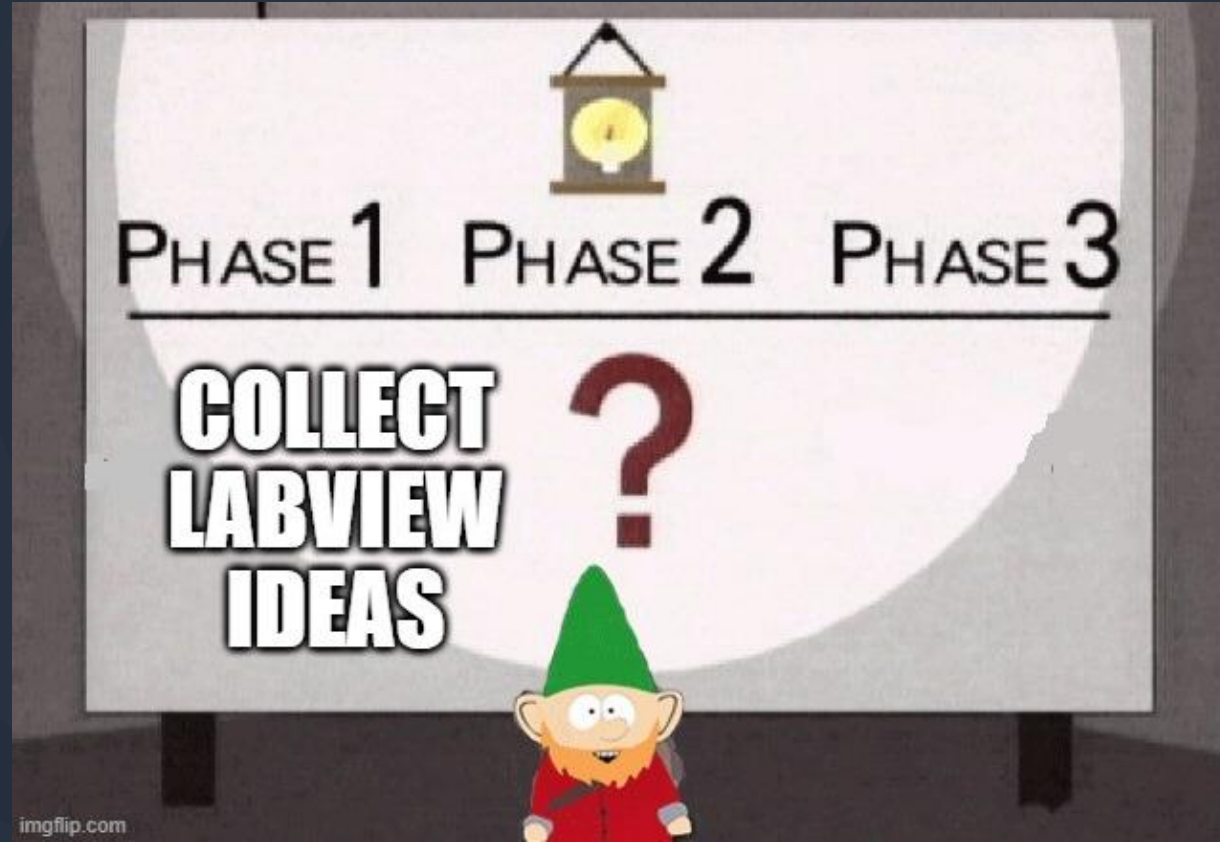

https://forums.ni.com/t5/G-Idea-Exchange/idb-p/g-idea-exchange
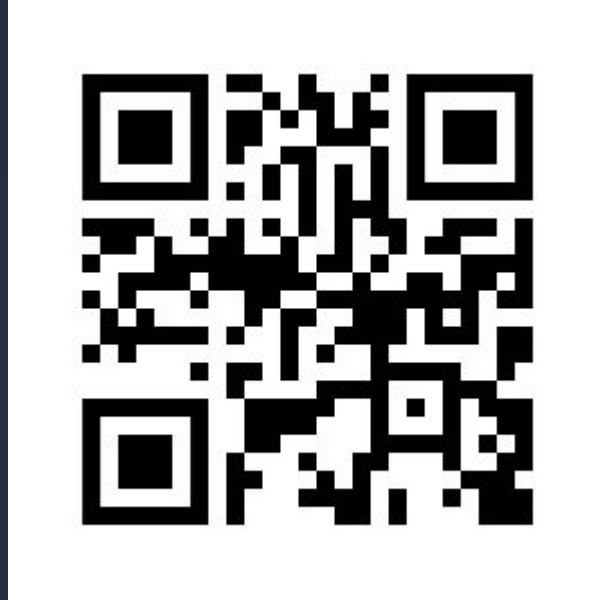

Now What?

Now What?

Now What?

Details (for now)

- Recurring online meetings to work on active ideas.

  - Once a month

  - Session lasts a couple hours

- Work on ideas from the GIE Forums or bring your own.

- Encourages ongoing development/contributions to ideas.
